THIS IS THE ONLY REPORT YOU WILL RECEIVE.

PLEASE SAVE AND BRING TO TOWN MEETING.

NO WAY TO RUN A BUSINESS

Americans generally have a pretty high regard for business efficiency and economy. When it comes to town government, though, most people seem to tolerate, even honor, a system which is wasteful and inefficient.

A town today is in essence a corporation—not including schools. Local governments are not set up to make a profit. But the stockholders—in essence the taxpayers—should be assured effective administration.

But what are the chances of that the way many towns are set up? There isn't one boss to whom you can turn to for answers or action. There's a **board** of selectmen, and usually none of these men work full time at the job. And even if they did, they would have only limited control over many town operations. In most towns there are separately elected officials who serve as clerks and treasurers. The highway department, the water department, the health department, the park department, the town library and even its tree problems may all be handled by independently elected boards and officials. The finance committee is supposed to provide some coordination in all this, but even its powers are limited. One thing is certain. A business run this way would go broke in a competitive market in about six months.

The minimum requirement today even for a small community is unified control of various public works functions. We think most towns need a real manager or at least an executive secretary to pull together all the threads of municipal government, to coordinate purchasing and develop sound long-range plans. This type of change may now be under consideration in your town. If it is, get behind it. If it isn't, take a look at your town government structure and ask why something isn't being done.

THE MOTHER OF REFORM

There's an ancient saying that necessity is the mother of invention. And we think it should have special application in the next annual town meeting. Many towns are facing soaring expenses and tax rates. And maybe this financial adversity will help give birth to some long needed reforms in the way local government is run.

Town government reform is a theme we've been playing now for several years. At first, few people seemed to care. The old ways of doing things seemed perfectly adequate. But more and more, it has become obvious that government structures that worked OK in the 18th and 19th centuries just won't do in the latter part of the 20th century.

Conditions vary from town to town. But certain basic principles stand out. The executive branch of town government should be centered under one full-time executive with power to coordinate all administrative activities. That change should go hand in hand with a shortening of the ballot. The policy of having independently elected highway commissioners, water commissioners, health and library boards just builds waste and confusion into the system. The legislative branch should be a small, representative body meeting on a regular basis. The time has come to develop more regional programs to provide better service at lower costs.

Some of these changes are already being considered in different communities and votes will be held on them at the upcoming annual meetings. In other places, changes are still in the talking stage. But this is the time to get the ball rolling. It's your town, your taxes, and your local services that are involved. You owe it to yourself to become informed and involved.

20. To see if the Town will vote to purchase 100 chairs to be used in the Twin Mt. School for Town meetings and activities.

21. To see if the Town will vote to raise and appropriate the sum of \$100.00 to Ski 93; Ski 93 to include the Town of Carroll in its advertising.

22. To see if the Town will vote to raise and appropriate sum of \$637.00 (\$318.50 to be returned to the Town by the Federal Government) for two-way radio to be installed in the elected Town Police car. The N.H. State Police Radio Communications Division will install and maintain the radio with no charge for labor, but usual charges to be the responsibility of the municipality for cost of parts used in maintenance of the radio.

23. To see if the Town will vote to hold future annual town meetings and any special meetings of the town in the evening to begin at 7 p.m.

24. To see if the Town will vote to authorize the Board of Selectmen to appoint a Road Agent to take effect in 1969.

To act upon any other business which may legally come before said meeting.

Given under our hands and seals this Tenth day of February, 1969.

COMMISSIONER'S ANNUAL REPORT

The Route No. 115 repair project has been finished this year at less cost than was expected. The Water Board borrowed only \$4,200 of the \$10,000 approved at the Town Meeting. At this time \$575 has been paid on the principal leaving a deficit of only \$3,625 to be paid in the future.

The improvement and extension of water lines tends to increase the valuation of all bordering property, therefore, helping everyone in town by adding additional tax property as well as water rent.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF HEALTH AND WELFARE**

January 3, 1969

Mrs. Madeleine T. Gately
Town Clerk
Carroll, N.H.

To the Citizens of the Town of Carroll:

During 1968, 47 visits were made in the community. These visits are classified as follows:

Administration and Promotion	3	Crippled Children's Services	1
Antepartum	1	Health Supervision	28
Arthritis	1	Mental Health	3
Cardiac	1	Mental Retardation	1
Cardiovascular Accident	6	Postpartum	3

Both school and preschool children received Immunizations at the clinics held in Whitefield.

The opportunity to receive the benefits of medical science and enjoy good health has become a basic human right.

Today, your community is faced with the challenge of chronic illness and especially with the need to provide a gamut of supportive services for people in their homes. To meet the challenge, Public Health Nursing services must be available in your community. Service that will help all citizens reach and maintain optimal health and reach the people where they are. The accent should be on cooperative undertakings. Coordination will have to be achieved not only horizontally within each community, but also vertically, between smaller and larger communities.

Supporting and sponsoring service is a community's expression of concern for individuals, its investment in human resources, and its wish to help individuals realize their maximum potential. Your community needs this service now, and immediate planning should be undertaken to mobilize the resources to meet the health needs in your community.

I wish to express my gratitude to the Citizens of Carroll for their cooperation during the past year.

Respectfully submitted,

ELEANOR D. KENNEY, R.N.
Public Health Nurse, District No. 2
N.H. State Department of Health
